

## **GEO 5900 GEOSCIENCE INTERNSHIP**

### **SPRING – SUMMER – WINTER SEMESTERS**

Credit: 1 or 2 semesters; 1 – 3 credit hours

Meetings: The student and Internship Sponsor work out the arrangements.

Instructor of Record: Dr. Erich U. Petersen

Email: [erich.petersen@utah.edu](mailto:erich.petersen@utah.edu)

Office: 319 FASB

Purpose:

- a) To provide undergraduate students with opportunities to gain work experience and work on real geologic problems and applications.
- b) To provide internship hosts (companies or organizations) with some student help on geologic work.

Before you register for GEO 5900:

- a) Fill out the *Geoscience Internship Interest Form* (preferably an entire semester ahead of when you hope to participate).
- b) Obtain and read the GEOSCIENCE INTERNSHIP PROGRAM DESCRIPTION (Student and Sponsor versions)
- c) Identify an internship opportunity.
- d) Obtain permission from the 'Instructor of Record' before enrolling in GEO 5900
- e) Register for GEO 5900 and go to the CANVAS link for GEO 5900

After you register for GEO 5900:

- a) Review the syllabus and submit all needed information and materials by the indicated deadlines through CANVAS.
- b) Deliver the Sponsor Forms to your sponsor and review the forms with the sponsor.
- c) The Instructor of Record for GEO 5900 ([erich.petersen@utah.edu](mailto:erich.petersen@utah.edu)) will submit the grade for credit when all the materials are turned in.
